

Name _____

Circle Fractions - One Half $\frac{1}{2}$

One whole circle can be partitioned into two parts of the same size and same shape.

Each half circle is $\frac{1}{2}$ or one of two parts that when put together are the same size and shape as the whole.

Color and cut out the two half circles at the bottom of the page and glue onto the circle with the $\frac{1}{2}$ s. Color the whole circle.
