

# Dolch Sight Word Flash Cards

## Complete List

### Ideas for how to use these sight word flash cards:

Use them as flash cards to quiz children on what they know and have learned.

Use as a matching game. Make two full sets of flash cards. Divide into smaller sets with two of each card in each set. Spread the cards out face down. Children take turns turning over two cards at a time and read the words. If the words do not match, the cards are turned over and the next player takes a turn. If the words do match the child keeps them and takes another turn. The child with the most matches at the end is the winner.
