heavy paper

To use cards

After children have been exposed to sight words and have had the opportunity to learn them, they should be able to read the words on these cards without having to sound them out.

This list of sight words is appropriate for third grade children, approximately eight years old.

Dolch Sight Word Flash Cards for Pre-primer, Primer, First Grade, and Second Grade are available on A Wellspring of Worksheets website in other vibrant colors!

Use these cards:

children on
ed.

Use as a matching game. Make two full sets of flash cards. Divide into smaller sets with two of each card in each set. Spread the cards out face down. Children take turns turning over two cards at a time and read the words. If the words do not match, the cards are turned over and the next player takes a turn. If the words do match the child keeps them and takes another turn. The child with the most matches at the end is the winner.

Put the cards in a pocket chart or face up on a table so all the words are showing. Say one of the words and have a child find that word.
